How shall I describe the coming of the Great Central Sun Messenger to the finite mind?

The Lords of Karma entered the atmosphere of Earth a day preceding Their usual entry, and Their impersonal observation was, for the first time, tinged with anticipatory interest, which tended to make this Cosmic Gathering more of a family gathering, and set at ease even the Hearts of those Masters who have approached Them century after century on behalf of the people of Earth, because it looked as though They were predisposed to grant the proposed Petitions.

The Messenger from the Sun was not the same Being who came in January, but rather a much older appearing, more dignified and mature Being, whom you would describe as One well prepared to grant the countless thousands of people an opportunity to connect with the Higher Mind and Consciousness through Grace and not through merit.

In appearance, He was more like unto Lord Maitreya. He wore garments of pure white heavily banded in a silken fibre that had the appearance of fur, but which did not require the sacrifice of any four-footed being. He carried with Him the Sceptre that usually rests within the Heart of Shamballa, and as the inner body of each of the two hundred thousand individuals who have

been chosen to represent the second circle of dedicated beings who knelt before Him, He touched each one lightly on the shoulder in much the same manner as kings of old created a 'Knight'.

Two Sponsors were required for each lifestream called from the ranks of the hopeful billions in attendance. Past connections, friendship, and association determined, to a great measure, as to which of the members of the Emancipated Masters would be Sponsors. Contrary to human belief, there were more Sponsors than accepted souls, lest anyone should be called forth and not find One ready to stand by his or her side; these Masters being willing, mind you, to take on the karma of the action or inaction resulting from such dedication as the case might be.

When the lifestreams were chosen for the second Grant, their names were proposed at a Council in Shamballa from among more than two million souls who were examined as to past record, potential service, possible weaknesses as well as strength. Sanat Kumara Himself placed the Star of Initiation within the etheric body of each one of those who were to become the vanguard of a larger rhythmic release of beings whose free will is to be superceded by the Christ Self for the next six months. Neither the Holy Christ Self nor the outer self was aware of the choice until the night when the Karmic Board met. The Sponsors were previously informed and prepared.

The Assembly waited, with bated breath, for the coming of the Great Central Sun Messenger,

and after the preliminary dedication of the Heart's Flame of Love to the Source of all Life, one of the Angelic Host began to call the roll, and from the audience, stepped the etheric or inner body of the dedicated spirit, simultaneously with the descent of the Christ Ego or Holy Christ Self from the atmosphere above. The two Sponsors then poured the substance of Their Flame and Ray into the kneeling neophite, and Serapis made the dedication by the placing of one hand on the head of the Holy Christ Self and the other right into the center of the consciousness of the potential server. This work, of course, should be effected by the application and evolution of the outer ego, but the Master chose to make that Bridge out of His own body's Light, and if you think that this was not an expenditure of priceless energy, then you are unaware of the fact that every God-Being who so much as raises His hand in Benediction allows so much Virtue to pass from Him, which must, through conscious application, be replaced for future use.

The Holy Christ Selves of the greater number of the human race dwell in the Fourth Realm, and They, through Their own initiative, made application to the Cosmic Law for the opportunity of proving what They might do through the outer self if, once again, the authority could be vested in them to set aside the human free will.

In a great Cosmic Conclave, whose size is indescribable to the finite mind, They presented Their proposal to Serapis and the other six Chohans toward the close of last year. Serapis, for

reasons of modesty, we will say, could not very well approach the Cosmic Law regarding this Grant, and it was for this reason that the Master Morya El, who represents the Mind of God, the Will of God, and the First Cause, chose to take it upon Himself to enter Shamballa's Halls and, speaking with Sanat Kumara, Who, as you know, is the Lord of the World, secured from Him the permission to allow Serapis the honor of becoming the Presiding Master for the Year, and in so doing, provided the initial impulse for this Grant.

In January, at the Conclave, when Serapis was vested with this power, He permitted the spokesman for the Holy Christ Selves to approach the Karmic Board and the Great Central Sun Messenger, and the very small Grant of two thousand was allowed as an experiment. During the time since then, Serapis has been constantly at work in the Fourth Sphere with the Holy Christ Selves of the rest of the race, and it was He Who presented the Scroll to Sanat Kumara upon which was written the names of several million potential candidates for the second release. From this large number, about two million souls were selected, and after the most minute examination of the lifestream of each one, the final two hundred thousand were decided upon as likely candidates who could be depended upon to assist in the important work at hand.

Saint Germain, in every case, has said that He would stand Sponsor for each lifestream. No one unascended can understand what this means, because every lifestream for whom you stand Sponsor is constantly using energy, and the successes and failures of that individual determine how

much of the Master's energies must be consumed in balancing any unpaid debt to life occasioned by this Grant.

Of course, there are, among those receiving the Grant, certain students who are the particular chelas of the various Chohans and the other Masters, and they come under Their Sponsorship, but Saint Germain has taken, by far, the greatest number of these souls into His own Sphere of Influence, foregoing the time in the Great Silence, where all Emancipated Beings Who give service to the planets go, periodically, for a renewal of Their energy, and which They find absolutely essential to Their well-being, and which is rightfully His; and it would not be amiss for those who love Him most to pray for His strength, and to call for a release from the Sun of that Power of the Silence which He would normally gather through His own entrance therein. Thus I speak on behalf of One of My Great Sons, and when I say: "Pray for a Master" - I MEAN JUST THAT!

The most solemn moment of the Conclave was when the two thousand souls who had been given the Grant in January were called forth from the audience, one by one. The Council Halls in the Rocky Mountain Retreat seat several thousand individuals, but through the magic, mystic power of etherialization, we are able to accomodate millions, and the atmosphere over the entire countryside was filled with the inner bodies of the countless millions drawn there by the magnetic power of its Light.

The rostrum from which each soul spoke was in full view of these billions of souls.

The Holy Christ Selves and the Sponsors were among the first to arrive; then the etheric body of the neophite was called from among the audience and stood there, on the rostrum, in plain view of the whole Assemblage. The entire record of what such an one had done to help the Cause of Life and Light for the first six-month period of this year was then read by one of the Angelic Host in a very musically clear and distinct voice, which rang through the atmopshere and penetrated even into the souls of the somnambulistic guests. This was really the first Judgment in which incarnate souls, not only had to meet the karmic Board, but also their fellow-men. At the time of death of each incarnate, they go through a private judgment in which only souls who have been, in some manner, connected with their lifestream during that embodiment or the heavenly interlude before it, stand as mentors and judges.

Like a great wedge in the atmosphere above, stood the ten billion Holy Christ Selves of the entire race, and this part of the proceedings was a solemn, but uncomfortable, moment for all concerned except, perhaps, the Karmic Board, Who seemed quite unperturbed by the entire procedure.

After the record was read, the souls of these two thousand individuals were called upon to speak, each on its own behalf, and careful notes were made by the Members of the Karmic Board and the Sponsors, in order to see that the errors incurred might not be repeated in the future, and that, in the new Grant, these mistakes might

be avoided by careful planning, supervision and protection.

Then the Holy Christ Self of each individual spoke, giving the full potentialities of the intent to be accomplished through the lifestream, and, to use an Earth phrase: 'there were no holds barred'. This was important, because the Holy Christ Self showed what the lifestream could have done; the soul showed what the lifestream had done; the Sponsors learned what They had to make up, even if They had to use Their chelas to do it; and the Karmic Board, judging by the successes and failures, were better able to determine the Wisdom of making the Grant to those whom Sanat Kumara had chosen to be Ambassador of the Brotherhood for the coming six-mont period. However, I am happy to say that they all passed, and were dubbed by the Messenger 'SUNS OF THE NEW DAY'.

With the closing of the Teton meetings, the attention of the Great White Brotherhood is now turned toward the gracious Host of the Transylvanian Retreat - He Who is known and loved by the Great White Brotherhood as the Ascended Master SAINT GERMAIN.

After the dedication of the second group of individuals who were chosen by Sanat Kumara and granted the dispensation whereby their Holy Christ Selves might endeavor to fulfill the God Plan through them in this next six-month period, the Great Central Sun Messenger and the Lords of Karma listened to the petitions and proposals of the various foci of Light, Retreats of the planet Earth, and individual beings and Powers of Light belonging to our System including representatives of the Forces of the Elements who had taken advantage of the opportunity to present any plausible plan to help the evolution of the race.

This is a world of CAUSE and its ultimate EFFECT. It acts under the Natural Law of the Circle - called the Cosmic Law. If it were not for the initiative, interest and personal sacrifices of Intelligent Beings Who have made mankind's welfare Their business, the Karmic Law would act with FULL FORCE, and there would be no possibility of transcending its effects or softening its lash. The dispensing of the karma to individuals, nations, and the planet itself is under the direction of the Lords of Karma. They
